Lead the  
EU way... ★

...so that needy Romanian children can  
live in a simple, 50 sqm home, like above

"In August 1999 it was the Eclipse Build; now we will live another saga, the 2007 EuroHabitat Build. It looks unbelievable: you and 649 mostly unskilled Europeans to build 27 homes in 5 working days. VOLUNTEERS! It will be mesmerizing: you will never be the same on 8<sup>th</sup> of September. Be part of a 21<sup>st</sup> century saga: The End of Poverty Housing. Make true the impossible dream of homeownership for his Highness, the Poor, his children - our partners, your neighbor, EU's future. TOGETHER." Adrian Ciorna, National Director of HFH Romania
