

Habitat for Humanity Romania

Internship Opportunities for all students

Organization:

Habitat for Humanity (HFH) is a non-governmental, non-profit organization, open to all religions and ethnicities, that builds, rehabilitates and renovates simple, decent and affordable homes for (and together with) families in great need of shelter and decent housing, thus helping them to break the vicious circle of poverty and given them the possibility to raise children in a healthy environment. Working to help families in need is done through more than 2,100 branches of HFH across 92 countries, including Romania.

Work description:

The Bucharest office is seeking for a young academic enrolled at University/Master. The internships will cover new media and web development section. As a continuous growing NGO we look forward to develop new ways of on-line fundraising and on-line communication platforms. The applicant should have average programming / design skills, social media knowledge and the ability to work in a small team. Creativity is a MUST! We encourage every idea and if it is feasible we will gather all required resources to implement it.

It will be a great opportunity to learn new programming and developing skills and apply all your ideas within the on-line and print field.

Tasks for New Media Assistant:

- Webmastering and proposing / developing new features for our on-line shop – <http://www.shopforhumanity.ro>
- Webmastering and proposing / developing new features for our main website – <http://www.habitat.ro>
- Designing brochures or other brand materials required (all materials will have the author name on them)
- Monitorizing the websites traffic and propose new ways to increase it.

Specific skills:

- Minimum knowledge of one of these : PHP, MySQL, jQuery, WP, Photoshop, Illustrator, Flash, AS3, FBML, Social Media
- Organized person
- Facebook integration in our websites is an advantage.

The objectives of the HFH internship are to:

- Provide interns with an opportunity to gain practical work experience to their academic program or future work in a field related to NGO's.
- Work in an international environment on on-line developing.
- Learning new programming / designing methods and improving their skills and knowledge in a professional environment

Start and length of internship:

Preferred starting date: July 18th

Preferred length of internship: between 3 and 6 months, part-time (working hours will be accommodated considering the school schedule).

Please send your CV and PORTFOLIO before July 10th.

Only selected candidates will be contacted.
